Team Challenge Guidelines-Please read!

1. ESA Membership not required.
2. Shortboard & Division Teams: 1 hour heats. Each surfer may catch up to 4 waves, but no more than 4. Highest scoring 2 waves count.
3. Longboard: 30 minute heats. Each surfer may catch up to 4 waves, but no more than 4. Highest scoring 2 waves count.
4. If there is time left in the heat, after all team members have surfed, a rider who has not gotten 4 waves may return to the water to finish his 4 count. The team is responsible for finishing within the allotted time. Every surfer must begin and end within the box. The penalty for not finishing in the box is the loss of the surfer's last wave.
5. Any waves over 4 will not count and will cost a 2.5 point penalty each. The horn will blow only at the beginning and ending of the heat.
6. Your Team Captain must be designated on this entry form. The Team Captain will choose the Double Whammy Surfer, coach the team, supply a judge throughout the entire event and will handle all team complaints and protests. Unsportsmanlike conduct will result in disqualification.
7. Each Team will have one double whammy (double points on one wave) surfer. The double whammy surfer must raise both hands and signal the judges at the end of the ride that it was the double whammy wave. (If you forget to raise your hands and signal the judges, you don't get credit for a DW; and once you've declared a wave a DW you cannot change it) Captains will advise before each round who the Double Whammy Surfer will be.
8. No substitution surfers at the last minute!
